

Golden Pass LNG operates an existing world-class LNG terminal and pipeline in Texas on the U.S. Gulf Coast.

We are situated at the intersection of global gas supply + transportation.

- ▶ 2 QMax-capable marine berths
- ▶ \$2+ billion invested at this location
- ▶ Most energy-efficient plant on the U.S. Gulf Coast
- ▶ **69-mile pipeline with key interconnections to the supply grid**
- ▶ 5 x 155,000 m³ storage tanks with full (tank within a tank) containment
- ▶ Experienced workforce
- ▶ Supportive community and government
